Czech Republic Travel Course

• In the summer of 2006 I organized a class for 22 of our students to travel to the Czech Republic as part of an international travel course.

• The course was FIN 410 International Finance.

• We spent one week in class at Chapman, and then three weeks in the Czech Republic.
The Czech Republic is in the heart of Europe.
As one of the newest EU members, the Czech Republic has one of the most dynamic economies in Europe.
Czech Republic Travel Course

- We spent the first week in Zlin at Tomas Bata University.
- 22 students from TBU joined us for the week.
- The Chapman and TBU students had to work together on group projects.
- Each morning was spent in class, and every afternoon we visited local companies. The evenings were spent socializing with the TBU students.

Czech Republic Travel Course

• The last two weeks were spent in Prague.
• Classes were held in the morning at the Anglo-American College of Prague in the Covent of the Knights of Malta Building.
Czech Republic Travel Course

• In the afternoons we had several additional company visits, planned social activities, and free time for the students to explore Prague on their own.
